Reading Comprehension (6m)

Read the following passage then answer the questions below:-

A long time ago, people didn't sleep in beds. Over 3,000 years ago, King Tut of Egypt had a beautiful bed made of wood and gold! But common people in Egypt slept on beds of grass and leaves. In the 16th century, in the 1500's, people piled bird feathers or straw on rope webs. Later, people made mattresses by stuffing feathers inside large cotton bags.

Louis 14th king of France, from 1643 until 1715, had 413 beds. He liked to talk to his friends and do his work in bed. He liked beautiful beds. In 1865, people started to put springs under their mattress to make it more flexible. This would make it bend and flex when the sleeper moved. By the 1930's, most beds had springs. About 100 years after people started to put springs under their mattress, the modern waterbed was **invented**.

Today there are different kinds of beds. Some people have waterbeds. Some sleep on mats. Others sleep on foam mattresses or airbeds.

A) Choose the correct answer from a, b or c: (3 x 1/2 = 1 1/2M)

1- King Tut and Louis 14th both had.....

a- springs in their beds.
