Dear Tom,

I've just had marvelous news. I've passed my final exams at the school and my father was so pleased that he offered to pay for a holiday abroad. I'd like to come to England for a month or so to improve my English and naturally to see you again. There are a lot of places I look forward to seeing **them** with you.

I wonder if you could do me a favour. As I've left it too late to enroll at the language school where I studied last year, could you find out whether there are any summer courses in the area? What I'm really looking for is an advanced course, three or four hours a day, leaving the afternoon free. I imagine you'll be on vacation yourself from the school so **perhaps** we could go out and see some of the places we didn't have time to visit last year.

I'd be grateful if you'd let me know as soon as possible about the courses, the fees, the duration and also find out if the school could fix up a room for me.

Please give your family my kindest regards.

With best wishes

Meshari
